

Stay Away

Krayzie Bone

Leave me alone
Leave me alone

I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.
I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.

It's only money I'm anticipatin'
Your conversation ain't motivation, it ain't resonating
I don't even understand the language
I'd rather get the paper, y'all really rather be famous
Y'all fakers bring me anguish
I don't really mess with you or the lames you came with
Number one reason is cause y'all ain't real
Plus I never slithered with the snakes man, never been a fake man, yeah
Trust none of 'em as far as you can stuff 'em in a blunt
Puff, puff on 'em until you've had enough of 'em. Enough
Cause we know very well, who you are

I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.
I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.

I'm allergic to fakes, I keep the burner in case
I gotta learn 'em about Kray ('bout Kray)
It'll be murder the case, that's why I purposely stay
So far away from these lames
I don't wanna have to bust 'em in the belly
Then explain it to my celly it was really self defense
So I'd rather be facin' 12 than carried by 6
So I stay to myself for real, suckas in my mix man, dip man
Squad full of real men, never sacrifice that
Lot of niggas selling souls, getcha life back
Cause we know very well who you are

I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.
I don't need no fake friends, stay away
Far from the haters sucka shake 'em all day
And I don't need to make friends, I'm okay
No way. No thanks. Go away. I'm straight.
No way. No thanks. Go away. I'm straight.
No way. No thanks. Go away. I'm straight.
No way. No thanks. Go away. I'm straight.
