This flight, this flight, this flight  
You know we takin' off, shakin' gravity off (off, off, off...)  
Let me elevate you to big heights, big heights, big heights  
All aboard, all aboard, all aboard, all aboooard

I'm walkin' through the airport, lookin' real good (Boo!)  
Smellin' like a pound o' weed, lookin' real hood (Yeah, hoe!)  
You know I'm up at first class with my fine ass  
Headed to Barcelona and I got a stash in my bag  
I'm high above the clouds, better believe I ain't lookin' down  
Got my headphones on, high as fuck, super loud  
Fuck the flight attendant (bitch!) I ain't tryin' to be ratchet  
Yes please, I want my vodka on ice, thanks for askin'

We takin' off so high, we scrape the sky  
These leaves'll give you wings, make you wanna fly  
The weed'll make you sing "La Di Da Di Da"  
The feelin' is supreme - I ain't gotta lie!  
Help me think about my problems, hardly, not alot  
To help forget I got alot, I stay holly high  
I'm forever high, will I stop? Prolly not  
Until I die, I'ma stay this high, blaze the fire
