

# We Made It

Krayzie Bone

Nobody thought we will make it this far  
But we still went against all odds  
Together we made it! We made it!

After everything we been through and saw  
Duckin' from the law, together through it all  
My nigga we made it! We made it!

Lost a couple o' homies, they didn't make it through the struggle  
Grew up gettin' in trouble, got addicted to the hustle  
For real I used to sell dollar junts in sixth grade  
Just to put a brand new pair of [?] on [?]  
Boys in the hood never seen a dead body  
Before we picked up scraps everybody took karate  
Y'all know when Phil D. used to pay us to feed his dogs  
And me and Lord Infamous took the cash and saved it all  
Phil did fed time and we didn't know where to go  
So we took all the money we saved and bought a studio  
"Serial Killaz" the first EP we ever dropped  
32 years later and we still on top - R.I.P Ricky!

Nobody thought we will make it this far  
But we still went against all odds  
Together we made it! We made it!

After everything we been through and saw  
Duckin' from the law, together through it all  
My nigga we made it! We made it!

Ey, it wasn't easy  
Cause worship makin' niggas think it's all breezy  
The street life, I just wanted it to leave me  
I had to just embrace it in order for it to feed me  
Ey, it wasn't true  
I could've chosen the thing that I want to  
Lost my brother right before dream would come true  
Screw would always tell me "be careful what you respond to"  
Before Tito I was full of flauge, always up to nothin'  
Ridin' in a stolen car - Three 6 bumpin'  
Now I'm gettin' money, everybody see me comin'  
The whole world see me comin'

Nobody thought we will make it this far  
But we still went against all odds  
Together we made it! We made it!

After everything we been through and saw  
Duckin' from the law, together through it all  
My nigga we made it! We made it!

When I reminisce it takes me back - East '99  
Nobody couldn't picture this, none of 'em thought I would survive  
Nobody could tell me nothin', I had money on my mind  
Alot of 'em thought I was bluffin' when I said "Watch how I shine"  
They didn't believe it until we went up outta Cleveland cause it was time  
One way tickets on a Greyhound [?] it's time to ride  
Eazy-Duz-It, time to sign, Thuggish Ruggish, it's a grind

Now they love us to survive but the vibe is worldwide  
Who would've known when I go platinum just from thuggin' and rappin'?  
Take care of the family, niggas advance from a shack to a mansion - that's fantastic!  
We got fan action and now they tellin' me I'm the greatest  
Dawg it can happen! Nobody thought that we would make it

Nobody thought we will make it this far  
But we still went against all odds  
Together we made it! We made it!

After everything we been through and saw  
Duckin' from the law, together through it all  
My nigga we made it! We made it!
