Chemistry

KREAM

Your love ain't half of what it used to be
Your touch is doing other things to me
My mind don't understand the chemistry
But I feel it deep down, yeah

You say it's over, but you want my body
I know love is empty, but there's one thing on my mind
Come closer 'cause I want your body
I know love is empty and it's messing with my mind

Your love ain't half of what it used to be
Your touch is doing other things to me
My mind don't understand the chemistry
But I feel it deep down, yeah

I feel it deep down

You say it's over, but you want my body
I know love is empty but there's one thing on my mind
Come closer 'cause I want your body
I know love is empty and it's messing with my mind

I feel it deep down
I feel it deep down

Your love ain't half of what it used to be
Your touch is doing other things to me
My mind don't understand the chemistry
But I feel it deep down
But I feel it deep down
