

# Decisions

KREAM

I know I'm divided  
But where to go?  
No, I need you with me  
There's times that I can be indecisive  
But what to say  
Won't you say it for me?

No consequences, we leave 'em outside my door  
Why we're still inside my flat doing nothing at all  
Stress on my mind, I know I should be doing  
My plan is to make no plan out of it, ooh

I won't care now  
You can make my decisions  
That's my brand new sweater, ooh  
I don't care now  
You can make my decisions  
Let them fall forever, ooh

Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all

You and I collided  
With you all my sense get carried away  
You take the load off my worries  
Make me forget 'bout the hurting

No consequences, we leave 'em outside my door  
Why we're still inside my flat doing nothing at all  
Stress on my mind, I know I should be doing  
My plan is to make no plan out of it, ooh

I won't care now  
You can make my decisions  
That's my brand new sweater, ooh  
I don't care now  
You can make my decisions  
Let them fall forever, ooh

Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all

Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all  
Doing at all, d-d-doing at all
