

Once Again

KREAM

You gotta tell me once again, my friend
I swear you do it to me everytime
'Cause you stay crazy on my mind
Boy, you got it going on and on and on
On and on and on

You gotta tell me once again, my friend
I swear you do it to me everytime
'Cause you stay crazy on my mind
Boy, you got it going on and on and on
On and on and on

You gotta tell me
You gotta tell me
You gotta tell me
You gotta tell me
You gotta tell me
On and on and on

You gotta tell me once again, my friend
I swear you do it to me everytime
'Cause you stay crazy on my mind
Boy, you got it going on and on and on
On and on and on

You gotta tell me once again, my friend
I swear you do it to me everytime
'Cause you stay crazy on my mind
Boy, you got it going on and on and on
On and on and on

You gotta tell me once again, my friend
I swear you do it to me everytime
'Cause you stay crazy on my mind
Boy, you got it going on and on and on
On and on and on

You gotta tell me
You gotta tell me
You gotta tell me
You gotta tell me
You gotta tell me
On and on and on
