

Pressure

KREAM

Something's weighing heavy
Created too much pressure, this ain't healthy
We were all good, love was plenty
Now look at the cards love has dealt me

And it ain't nothing but a
And it ain't nothing but a
It ain't nothing but a thing now to decide
It ain't nothing but a thing now to decide
It ain't nothing but a
Don't fall for me
And it ain't nothing but a
Don't fall for me

Something's weighing heavy
Created too much pressure, this ain't healthy
We were all good, love was plenty
Now look at the cards love has dealt me

And it ain't nothing but a thing now to decide
And it ain't nothing but a thing now to decide
And it ain't nothing but a thing now to decide
And it ain't nothing but a
And it ain't nothing but a thing now to decide
It ain't nothing but a

And it ain't nothing but a thing now to decide
It ain't nothing but a thing now to decide
And it ain't nothing but a
Don't fall for me
And it ain't nothing but a
Don't fall for me
