

Take Control

KREAM

You've got to take control of your life
Make it right, babe
You have so much to show for yourself, yeah
Take control of your life
Do it right, babe
I won't be at your side forever

You've got to take control of your life
Make it right, babe
You have so much to show for yourself, yeah
Take control of your life
Do it right, babe
I won't be at your side forever
Hold up (Oh-oooh)
Hold up (Oh-oooh)

You've got to take control of your life
Make it right, babe
You have so much to show for yourself, yeah
Take control of your life
Do it right, babe
I won't be at your side forever

You've got to take control of your life
Make it right, babe
You have so much to show for yourself, yeah
Take control of your life
Do it right, babe
I won't be at your side forever
Hold up (Oh-oooh)
