

Drinkin' For Two

Kree Harrison

This seat here, I've been saving
Two hours now, I've been waiting
Starting to think you changed your mind
Guess you had something better
I wouldn't know, never matter
Don't worry though, I'll be alright

Bartender, please don't mind me
Here, take my keys, I ain't driving
Just keep this drink full for a fool
Cause I feel about as empty as that stool
So I'm drinkin' for two

I never had a taste for whiskey
But that's what he'd be drinking
So, I guess I'll have one more
And if you see him, don't tell him
I was asking about him
Say it's been ages since I walked out that door

Bartender, please don't mind me
Here, take my keys, I ain't driving
Just keep this drink full for a fool
Cause I feel about as empty as that stool
So I'm drinkin' for two

Here's one to new beginnings
Here's to your happy ending

Bartender, please don't mind me
Here, take my keys, I ain't driving
Just keep this drink full for a fool
Cause I feel about as empty as that stool
So I'm drinkin' for two

This seat here, I've been saving
Two hours now, I've been waiting
Starting to think you changed your mind
