

# Think About It

Krept & Konan

Just think about it  
All the things that he just put you through  
Just think about it  
All the things that I can do for you  
Just think about it  
Girl, you ain't got nothing else to lose  
Just think about it (lose)  
Just think about it (oh no no)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (oh no no)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (oh no no)

You say you got trust issues  
And it's love that you're after  
A new guy, a new drama  
When sex became easier, love became harder  
I know you probably think it's the same with me  
Yeah, fly girl and it's plain to see  
I know you don't usually do this  
But you ain't gotta worry cause your secret's safe with me, I got you  
What's the point of answering if it's not you?  
Yeah, I ain't saying that she perfect  
But she always at home when she working  
You act strong but you're probably still hurting, I know  
Now you got me tryna see in the dark  
When all I really need is a chance  
What month is it? It's December now  
So biceps should probably be on my arm

Just think about it  
All the things that he just put you through  
Just think about it  
All the things that I can do for you  
Just think about it  
Girl, you ain't got nothing else to lose  
Just think about it (lose)  
Just think about it (oh no no)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (oh no no)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (why don't you)  
Just think about it (oh no no)

He keep persuading you so he can stay with you  
But your heart's telling you no  
He keeps on lying, you keep on crying  
And you can't take this no more  
Again and again, he'll never change  
Girl, I've told you this before

You can do better, I'm here whenever  
And girl, you know where to go  
Silly decisions, you never listen  
To anything that I say  
When you in town, you can come round  
If you need somewhere to stay  
You won't regret this, girl, send me a message  
And I'll come and get you today  
Do this whichever way, birthday sex every day  
Hip hop hooray

Just think about it  
All the things that he just put you through  
Just think about it  
All the things that I can do for you
