

Good on You

Krewella

Slow down, I wanna make it last
You got me falling fast
No doubt, you're what I've never had
Kerosene to a match

It's a force of nature I just can't deny
Eeeyaeeyaaa, eeeyaeeyaaa
And you know there's only one thing on my mind
Eeeyaeeyaaa, eeeyaeeyaaa

It's me and you, me and you
California to Bombay
Lemme get that body on me
Yeah you, me and you
In a rickshaw or a 'Rari
Doesn't matter, I look good on you

So close, started a world away
And now we're face to face
Echoes, I hear 'em ricochet
When you call out my name

It's a force of nature I just can't deny
Eeeyaeeyaaa, eeeyaeeyaaa
And you know there's only one thing on my mind
Eeeyaeeyaaa, eeeyaeeyaaa

It's me and you, me and you
California to Bombay
Lemme get that body on me
Yeah you, me and you
In a rickshaw or a 'Rari
Doesn't matter, I look good on you
