

Traces

Krewella

Traces of you are falling away
Traces of you, my darling

Don't chase me now - I'm lost
I cannot be found - I'm gone
I'm fading out - I'm lost
I cannot be found - I'm gone

Will I even care when I'm fragments in the sky?
I started running, but I couldn't stop the time
Oh-oh, now we're at the finish line
Yeah, I wish it could, but the body never lies

Traces of you are falling away
Traces of you, my darling

Traces of you are falling away
Traces of you, my darling

Don't chase me now - I'm lost
I cannot be found - I'm gone
I'm fading out - I'm lost
I cannot be found - I'm gone

Will I even care when I'm fragments in the sky?
I started running, but I couldn't stop the time
Oh-oh, now we're at the finish line
Yeah, I wish it could, but the body never lies

Traces of you are falling away
Traces of you, my darling
Traces of you are falling away
Traces of you, my darling

Yeah, I wish it could
Yeah, yeah, I wish it could, could
Yeah, I wish it could
Yeah, yeah, I wish it could, could
Yeah, I wish it could
Yeah, yeah, I wish it could, could
Yeah, I wish it could
Yeah, yeah, I wish it could
Yeah, I wish it could, but the body never lies

Traces of you are falling away
Traces of you, my darling
