

Falling Into Place

Krezip

I can hardly believe
How we're sitting here
Sharing secrets in the moonlight
You're a brand new you
I'm a brand new me
Oh magic night

Oh oh, oh oh
My heart is racing
Oh oh, oh oh
My head is spinning
Oh oh, oh oh
I'm inside out
Oh oh

I'm falling into place
My heart glows
Falling into place
And into my own
Falling into place
My heart glows
In like a million different colors
My heart glows

In like a million different colors
My heart glows

Like a million different colors
My heart glows

I can hardly believe
I ended up here
Right on time

Oh oh, oh oh
My heart is racing
Oh oh, oh oh
My head is spinning
Oh oh, oh oh
I'm inside out
Oh oh

I'm falling into place
My heart glows
Falling into place
And into my own
Falling into place
My heart glows
In like a million different colors
My heart glows

In like a million different colors
My heart glows

Like a million different colors

Like a million different colors

My heart glows

Like a million different colors

Oh oh oh

Falling into place

My heart glows

Falling into place

And into my own

Falling into place

My heart glows

In like a million different colors

Oh oh oh

Falling into place

My heart glows

Falling into place

And into my own

Falling into place

My heart glows

In like a million different colors

My heart glows

Like a million different colors

My heart glows
