

Give My Life

Krezip

It's stuck inside my mind so nice
Nothing else that makes me laugh
Try to put all a little bit away, yeah
Try to get it out of my mind

Never have to walk alone
There's always someone next to me
I hope this is our best time, yeah
I know it'll take us long, yeah

On and on
Cause together we'll stand strong
Hey I'd give my life
Keep on running before I hide
With you, oh, with you, oh

Think about it all the time
Wishing it would last for years
Didn't think we'd get this far, no
Sometimes it is just too hard, yeah

On and on
Cause together we'll stand strong
Hey I'd give my life
Keep on running before I hide
With you, oh

Without you I'm everything to blame
And no one will look at me like this
It's all of you that makes me feel as I
Do now go on and on and make me feel

On and on
Cause together we'll stand strong
Hey I'd give my life
Keep on running before I hide
With you, oh, with you, oh

On and on
Cause together we'll stand strong
Hey I'd give my life
Keep on running before I hide
With you, oh, with you, oh
With you, oh, with you, oh
