

Only Dreaming

Krezip

Baby, you think you're only dreaming
But isn't this all that you believe in?
Don't be afraid to lose the feeling
I know you won't fall down if you don't get up
You think you're only dreaming
But isn't this all that you believe in?
Don't be afraid to lose the feeling
I know you won't fall down if you don't get-

Tell me what you want, woah-oh
Tell me what you want, woah-oh
Tell me what you want
Baby, we are in it for the long run
We only have a couple doors to choose from
Tell me where we're going
Tell me where we're going
Tell me what you want
No one ever does it just like you do
And I'm not only tryna make you feel good
Tell me where we're going
Tell me where we're going
Tell me what you want

Baby, you think you're only dreaming
But isn't this all that you believe in?
Don't be afraid to lose the feeling
I know you won't fall down if you don't get up
No, you won't fall down if you don't get-

Tell me what you want, woah-oh
Tell me what you want, woah-oh
Tell me what you want
Baby, we are in it for the long run
We only have a couple doors to choose from
Tell me where we're going
Tell me where we're going
Tell me what you want
No one ever does it just like you do
And I'm not only tryna make you feel good
Tell me where we're going
Tell me where we're going
Tell me what you want, woah-oh
Tell me what you want, woah-oh
Tell me what you want, woah-oh
Tell me what you want, woah-oh
Tell me what you want
Baby, we are in it for the long run
We only have a couple doors to choose from
And tell me where we're going
Just tell me where we're going
Tell me what you want
