

# Ready For More

Krezip

It's been quiet for a long time  
For a really really long time  
Calm on the inside  
Calm from the outside

But now I kind of want to run off  
I kind of want to shake it off  
Fiery on the inside  
Fiery from the outside

And no I don't need more  
I don't need more time  
I'll run before I blow to pieces

Oh oh oh oh  
I'm ready to roll  
Gimme dancing lights  
Dancing lights oh  
Oh oh oh oh  
I'm ready for more  
Gimme day and night  
Day and night oh

If I'm honest I'm a bit scared  
I have a few recurring nightmares  
Worried on the inside  
Bold from the outside

But who's to say and who's to know  
What it is we're hiding from  
I'll run before I blow to pieces

Oh oh oh oh  
I'm ready to roll  
Gimme dancing lights  
Dancing lights oh  
Oh oh oh oh  
I'm ready for more  
Gimme day and night  
Day and night oh

We won't go home, we stay up late  
Dance all night, we drink all day  
Talk too loud for heaven's sake  
I'm ready for more

We won't go home, we stay up late  
Dance all night, we drink all day  
Talk too loud for heaven's sake

Oh I'm ready  
Ready to give it all  
Oh I'm ready  
Ready to give it all

Oh I'm ready  
Ready to give it all

Oh I'm ready  
Ready to give it all

Oh I'm ready  
Ready to give it all  
Oh I'm ready  
I'm ready for more

Oh oh oh oh  
I'm ready to roll  
Gimme dancing lights  
Dancing lights oh  
Oh oh oh oh  
I'm ready for more  
Gimme day and night  
Day and night oh

We won't go home, we stay up late  
Dance all night, we drink all day  
Talk too loud for heaven's sake  
I'm ready for more

We won't go home, we stay up late  
Dance all night, we drink all day (I'm ready for more)  
Talk too loud for heaven's sake  
I'm ready for more
