

It's Always You

Kris Allen

Wish I had another story to tell
Wish I could sing about anything else
But every time I sit down
The only thing that can write a melody and rhyme
Baby I can't lie
It's always you

I wish I could think about another pretty face
One that doesn't make feel this way
One that if she left me, it wouldn't be the death of me
I would be just be fine
But every time
It's always you

It's always you
Your name on the tip of my tongue
It's always you
You're my favorite place to run
And I always knew
My heart was yours to take
And never mine to give away
It's always you

So many reasons I could think to pack a bag
Catch a flight and never look back
So many places I could see but I'd always rather be
Just a breath away
The reason I stay
It's always you

It's always you
Your name on the tip of my tongue
It's always you
You're my favorite place to run
And I always knew
My heart was yours to take
And never mine to give away
It's always you
Oh yeah

It's always you
Your name on the tip of my tongue
And it's always you
Sure as the rising sun
And I always knew
My heart was yours to take
And never mine to give away
It's always you

Yeah baby, it's always you
Oh oh baby, it's always you
