

# All Night Long

Kris Lawrence

I know you're feeling this right here right now  
Give you more than just a kiss right here right now  
I want to put it in right here right now  
We could do it all night long  
We gonna make love dirty up my bed  
Shorty so bad messing with my head  
Her body on fleek keep it tight she fine  
Flip her on her back turn her sixty nine

You got a man but I ain't stressing that  
I caught some bodies I ain't hurting none, babe  
I know you said you can handle it  
But I know you felt the pressure deep inside your back  
Like every time every day every way  
Your feeling so wet I'm giving you head you giving me neck  
Like every time every day every way  
I'm gonna make you scream my name

I know you're feeling this right here right now  
Give you more than just a kiss right here right now  
I want to put it in right here right now  
We could do it all night long  
We gonna make love dirty up my bed  
Shorty so bad messing with my head  
Her body on fleek keep it tight she fine  
Flip her on her back turn her sixty nine

You waiting with no clothes  
Talking dirty on my phone  
Getting lifted off Patron  
I can't spend my nights alone

I know you're feeling this right here right now  
Give you more than just a kiss right here right now  
I want to put it in right here right now  
We could do it all night long  
We gonna make love dirty up my bed  
Shorty so bad messing with my head  
Her body on fleek keep it tight she fine  
Flip her on her back turn her sixty nine
