

Grindin'

Kris Lawrence

I'm from the sacred land where it's rainy or sunny
I'm rollin' with my squad and you know we stay hungry
We take nothing and we turn it to some money
All around the world everyday we stay hustlin', Tara Na
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin'
Everyday we stay hustlin'

I am just too fresh
I am just too blessed
I don't live to impress
I just be giving the worst my best
Haters step aside
The real with always rise
Q-York! Nasa bahay you know it's about to get live! Ha
Straight killin' it we levelin' up
Flow venomous, let it settle it sort of like medicine for your soul
For my goals never settlin'
I never been a busta
Never been a sucka
And I still m-m-murder it even if I stutter
From one hustler to another
You better get yours, mother

I'm from the sacred land where it's rainy or sunny
I'm rollin' with my squad and you know we stay hungry
We take nothing and we turn it to some money
All around the world everyday we stay hustlin', Tara Na
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin'
Everyday we stay hustlin'

I am just a beast
It started in the streets
Of Queens, New York where you talk what you walk
If not you'll be deceased
Now we worldwide
For my culture we show pride
Filipino! Itaas ang kamay! Ha
San Miguel drinkin' it, livin' it up
To the fullest, what! what!
The original, lyrical, miracle on your stereo
Stackin' that paper like my work was clerical
I'm handlin' my business
I'm buildin', I'm winnin'
I'm chillin' like a villian
I'm sinnin' but thank you Lord for forgiving me

It's stuck in me
If I was dead broke would you still love me?

I'm from the sacred land where it's rainy or sunny
I'm rollin' with my squad and you know we stay hungry
We take nothing and we turn it to some money
All around the world everyday we stay hustlin', Tara Na
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin' on it
We be grindin'
Everyday we stay hustlin'
