

# Make Me Whole

Kris Lawrence

You took me out of the dark  
And now I see brighter days  
You gave me the stars  
To show me the way  
I would be lost forever but you  
You opened my eyes  
I know that you would never leave me  
Here me cry

I was wrong, so wrong  
For thinking I could do it on my own  
'Cuz without you I'm alone  
Now I know, I know  
Only you can save me  
And make me whole again

You spoke to my heart  
And then you changed my ways  
Yes, you did  
I'm down on my knees  
And now I can say  
I will be yours forever and you  
You will be mine  
I know that you would never leave me  
All my life

I was wrong, so wrong  
For thinking I could do it on my own  
'Cuz without you I'm alone  
Now I know, I know  
Only you can save me  
And make me whole again

I'd give my life  
I'd give my soul  
I would give everything to you  
I won't let go  
Now that you've showed me how  
True love feels  
What true love is

I was wrong, so wrong  
For thinking I could do it on my own  
'Cuz without you I'm alone  
Now I know, yes, I know  
Only you can save me  
And make me whole again  
I was wrong, so wrong  
For thinking I could do it on my own  
'Cuz without you I'm alone  
Now I know, yes, I know  
Only you can save me  
And make me whole again...
