

## Infected Core

Krisiun

A powerfull agression against your core  
crushing of your mind  
desolation of your being  
next to mortality  
the walls listen up your cry  
the confrontation with condemnation  
Born to meet your pain  
your soul wants your death  
comming from your brain  
a tumor that rots in your head  
the end of your sanity  
And infected core who rejects the cure  
open sores, vouices of despair  
your control was won by madness  
your hate is agony  
obsession, affliction, lasting infection  
Your tortured face, show your disgrace  
nothing has price, all you feel is pain  
your body is like mortuary  
where disease rules  
spittin' blood, endless sacrifice  
infected gore  
Your body is inert  
your heart does not beat  
the rats will eat your flesh  
the pigs will drink your blood  
there's nothing dyrter  
nothing more rotten infection
