

## The Devil

Kristen Kelly

I was raised to know we ain't all full of amazing grace  
But I tried for the both of us to use all my faith  
Fought off all of the demons at the door  
But my wings couldn't carry anymore

They say a hard man don't know nothing but the hard way  
Full of bad memories, mistakes, nothing but heartbreak

Even after all the hell  
All the hell that you put me through  
I'd lose the angel in me  
To love the devil out of you

I've learned enough to know you can't settle a rambling soul  
They all said you can't save em, you gotta let em go  
They don't know that the letting go is what scares me the most  
Will I be living or dying with your ghost

They say a hard man don't know nothing but the hard way  
Full of bad memories, mistakes, nothing but heartbreak

Even after all the hell  
All the hell that you put me through  
I'd lose the angel in me  
To love the devil out of you

Even after all the hell  
All the hell that you put me through  
I'd lose the angel in me  
To love the devil out of you
