

# Your Love Stands Alone

Kristene DiMarco

Wild as fire, unrelenting  
Many rivers cannot hope to quench it  
Vast as oceans, never ending  
Like nothing I've known  
Your love stands alone  
Your love stands alone

There is nothing  
There is nothing  
That could ever come close  
Your love stands alone  
From the heights  
To the lowest of lows  
Your love stands alone, alone

Steady strength like the mountains  
Every army I face is defeated  
Fear is broken by your kindness  
Like nothing I've known  
Your love stands alone  
Your love stands alone

There is nothing  
There is nothing  
That could ever come close  
Your love stands alone  
From the heights  
To the lowest of lows  
Your love stands alone, alone  
Your love stands alone

I'm convinced that neither death nor life  
Angels or demons or things to come  
I'm convinced that neither our fears or sorrows  
Past or present or what follows

I'm convinced, I'm convinced  
I can't be separated from love  
I am convinced, I am convinced  
I can't be separated from love

There is nothing  
There is nothing  
That could ever come close  
Your love stands alone  
From the heights  
To the lowest of lows  
Your love stands alone  
Your love stands alone  
Your love stands alone
