

## Shotgun

Kristin Hersh

I called shotgun  
Our car submerged  
Your breakneck speed slowed to a float

Out on a thalidomide limb  
Truncated  
Stiff as a board  
But delinquent no more

Can't see the fog for the trees  
I lost my way on reject beach  
Lost my heart  
Lost it

You can't live until you die  
You can't see unless you're blind

I called shotgun  
Our car submerged  
Your breakneck speed slowed  
Two afloat
