You swirling like circles in my mind  
Now I don't think I'm tall enough to ride this ride  
No  
If I'll be in the air Tryna picture of us that I can't define

How long is enough to know you  
When you know you can tame my heart  
Think Imma better let to show you  
I told you

Just let me know  
Oh, baby, let me go  
Just let me know  
Oh, baby, let me go

Round, round  
I'm going round  
Round, round  
I'm going round

Boy, you play too many games  
You broke my vibe  
Think you're irreplaceable  
You're not that fine

No time to You chase me down  
Satisfied cause You're funny

Just let me know  
Oh, baby, let me go  
Just let me know  
Oh, baby, let me go

Round, round  
I'm going round  
Round, round  
I'm going round

Just let me know  
Oh, baby, let me go  
Just let me know  
Oh, baby, let me go

Round, round  
I'm going round  
Round, round  
I'm going round
