

First

Kristinia DeBarge

You kissin' me on the late night
Yeah yeah, yeah yeah
If we don't talk in the daylight
Yeah yeah, yeah yeah
How you carry on, boy, it ain't right
Yeah yeah, yeah yeah
That type of my shit be on my mind, oh

(Your love is like)
If you're undecided, then you're uninvited
I don't fuck with "I don't know"
Keep that same energy (Energy)
'Cause every time you see me

Baby, I'ma wanna be first
You know better
I'm never the extra
Baby, I just wanna be first
We can do whatever you want
If you promise to keep me first

Talkin' loud, but ain't sayin' a thing
There ain't nothing but a game right now
I ain't that kinda thing
Yeah, I hear you say "I miss you"
But I don't really fall for that bullshit
Sound good, but I gotta keep it pushing
That's what be on my mind

(Your love is like)
If you're undecided, then you're uninvited
I don't fuck with "I don't know"
Keep that same energy (Energy)
'Cause every time you see me

Baby, I'ma wanna be first
You know better
I'm never the extra
Baby, I just wanna be first
We can do whatever you want
If you promise to keep me first
