

Hangover

Kristinia DeBarge

Baby, I know
Every time I see you
Oh-oh, baby, I'm so
Intoxicated over you

Yeah you've got some kind of control over me
Without even knowing
On the rocks is how I prefer my drink
Sipping slow till the morning

Like I'm drinking Hennessy
I guess that's how it feels when you're in love
Four glasses of Sex on the Beach
I guess that's how it feels when you're in love, love, love, love

Got my excited, go in and pour me one more cup
Yes you're invited, empty my bottle, toast it up
I can't deny it, the room is spinning
What the fuck, did you pour in my cup

Feels like I'm drinking Hennessy
I guess that's how it feels when you're in love
Four glasses of Sex on the Beach
I guess that's how it feels when you're in love, love, love, love

Walking so slow
I'm tipsy when I'm round you
I shoulda had a chaser, I know
Hangover's gonna be a fool, oh-oh

Yeah you've got some kind of control over me
Without even knowing
On the rocks is how I prefer my drink
Sipping slow till the morning

Like I'm drinking Hennessy
I guess that's how it feels when you're in love
Four glasses of Sex on the Beach
I guess that's how it feels when you're in love, love, love, love

Got me excited, go in and pour me one more cup
Yes you're invited, empty my bottle, toast it up
I can't deny it, the room is spinning
What the fuck, did you pour in my cup

Feels like I'm drinking Hennessy
I guess that's how it feels when you're in love
Four glasses of Sex on the Beach
I guess that's how it feels when you're in love, love, love, love

All I need is just you and me
I ain't thinking about getting no sleep
I ain't never gonna tell you no
Hold me tight and don't let go
All I need is just you and me
I ain't thinking about getting no sleep
I ain't never gonna tell you no

Hold me tight and don't let go

Got me excited, go in and pour me one more cup
Yes you're invited, empty my bottle, toast it up
I can't deny it, the room is spinning
What the fuck, did you pour in my cup

Feels like I'm drinking Hennessy
I guess that's how it feels when you're in love
Four glasses of Sex on the Beach
I guess that's how it feels when you're in love
