So young and vulnerable I told myself In order to feel the joy I have to go through the pain {I} lost track of tears I cried through the years Even convinced myself that I was the one to blame All the searching Left me broken Had to pick up the pieces Be set for the reason Now I'm so glad To be with you Had break through Finally know how it feels To be loved by somebody Be loved by somebody To be loved by somebody, body Be loved by somebody, body To be loved by somebody Be loved by somebody To be loved by somebody, body Be loved by You make me say Ooh, ooh {somebody} Ooh, ooh {somebody, body} You make me say Ooh, ooh {somebody} Ooh, ooh {somebody, body} I just gotta release myself from the negative Learning from my mistake So I never hurt again {I-I had to} Tear down the wall around my heart Left myself open for love And I'm so happy that I did cause All the searching {yeah} Left me broken {oh} Had to pick up the pieces Be set for the reason Now I'm so glad {I'm so glad} To be with you {mhm} Had break through Finally know how it feels To be loved by somebody Be loved by somebody To be loved by somebody, body Be loved by somebody, body To be loved by somebody Be loved by somebody To be loved by somebody, body Be loved by

```
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
Now that I found you baby, I
Ain't ever gonna let you go
I want to tell the world how good it feels
To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by somebody, body
To be loved by somebody
Be loved by somebody
To be loved by somebody, body
Be loved by
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
You make me say
Ooh, ooh {somebody}
Ooh, ooh {somebody, body}
