See it's gon be a lil different tonight,  
I think I'm a bag me a stripper tonight,  
You might think it's funny, but I don't,  
Want me to spend some money, but I won't,  
She said, "I love it when you touching me",  
It's twenty bucks but you get one for free,  
Let's sneak off and get it on,  
Do it for they end of song,  
And do what you want to do to me,

She told me to do it,  
(do it like you do it, do it)  
Doing it till you get off,  
Baby that's how I get off,

She told me to do it,  
(Do it like you do it, do it)  
Girl you gotta take it off,  
Baby let me break you off,

She told me to do it,  
(Do it like you do it, do it)  
Doing it till you get off,  
Baby that's how I get off,

She told me to do it,  
Take me, take me,  
You saying my name,  
Mama I'm doing the same,  
Until we get off,

We were out on the town,  
Woman that's grill we throwing down,  
Have corn fallas and columbia winery reasoning,  
We swelling now,  
Baby girl wanna take me home,  
I put the flow with your music and a/c on,  
I'm a tell her that she made me pumped,  
And getting me horny enough to make me bone,  
When I got to the crib nigga it was poppin, no stoppin,  
On the couch to the floor then the steps and the feeling was shockin, bunnoc

Then my door bell rang (ding-dong),  
I really want somebody to leave me long,  
But it was the next door neighbor with a bb on,  
Maybe we can get a threebee on,  
She said to me "could you keep it down a lil bit,  
You two got my bedroom shakin I can really feel it,  
Would you like another girl,  
Does your girl like other girls,  
If so I know this here will take you to another world",  
Came in and we're right to it,  
Didn't have to caribou lou it
