

Inside

Krizz Kaliko

Do exactly what I tell you to
Drop on the floor
Close the door
My hour

I wanna love you from the inside, inside
And we can get closer and closer
Love me on the outside, outside
And we'll do it over and over

When you move
It's almost violent - her attitude
Ooh
And when you breathe
It's like you're breathing life into me
Me...

I can't lie
If I had to choose the way that I die
I die...
I'm inside
If I could stay here forever I'd try
But I

I wanna love you from the inside, inside
And we can get closer and closer
Love me on the outside, outside
And we'll do it over and over

This can't get better
'Cause every move I make makes you...
Can I say that?
And I never
Let anyone this close but I let her

I can't lie
It feels so good right now I could die
It's true
It's in my mind
Because I never touched you
But I'd like to

I wanna love you from the inside, inside
And we can get closer and closer
Love me on the outside, outside
And we'll do it over and over
