

Bad, Bad Girl

Krokus

There's a girl in the heart of the city,
loves the motion in the heat of the night
Lying there, all alone, so beautiful
Won't admit it, but she likes to have a real good time

The first time we met she was dancing so sweetly
Turning me on, rubbing her body against mine
She sang to the song and she whispered "Suggest me"
Before we knew it, we were having a real good time
Time

Bad, bad, bad girl
So free your mind
Yeah!
Bad, bad, sweet girl
You were asking for more
Forever

Aaaah, you're driving me insane!
Killer body in the pouring rain!
Just like the mellow king of fortune, baby!
Feel so high on you!

I've been used.
I've been used and abused, yeah!
But no longer, since I met you.
But no longer, since I met you.
No, no, no, no, no
We're having a real good time
Aah yeah

O baby, you're my...

Bad, bad, bad girl
So free your mind
Yeah!
Bad, bad, sweet girl
You were asking for more
Forever
Forever
