We're gonna hit your lazy town With amazing sounds Everybody's hot to get this noise Good evening ladies & boys We fly into the rising sun With your body & soul Everyone of us has all we need No limit in turn and speed Come on, come on to the place where the evil dies Come on, come on to the stage in the other skies It saves my life, it makes me cry No need to die High energy the key of life Nobody kills my drive Another day, another place Make-up on my face It makes me turn and wonder why I'm living in a rock'n'roll sky Come on, come on to the place where the evil dies Come on, come on to the stage in the other skies
