# Let the Good Times Roll

**Krokus**

I get up in the morning too
Early to wake
Been hittin' hard and my poor
Bones ache
I look that the time then I look
At my face
Seven lonely women from
A different place

Living ain't easy when they call
Hey hey hey
Let the good times roll...let it roll

From Tucson Arizona to the
Sunset Strip
Ask me no question I shoot
From the hip
Workin' for the dollar till my back
Is score
Good to see you babe at my door

Sweet taste of whiskey women and song
Hey hey hey
Let the good times roll...let it roll

New Orleans bells comin' on my way
California blondes ready to play
Texas red party in bed
New York City doll left me lying for dead

Life's too short I'm havin' a ball
Hey hey hey
Let the good times roll...let it roll
Sweet tastin' whiskey women and song
Hey hey hey
Let the good times roll...let it roll
