

## Long Stick Goes Boom

Krokus

Y'all know about sixty-nine  
Burnin' bones and bedside time  
Once again we meet tonight  
Get that touch of a magical light  
We're gonna hit it  
We're gonna kick it  
We're gonna break out through the ice  
You give us fever  
You give us sweat  
You're gonna make us live it twice  
Tonight long stick goes boom  
Tonight long stick goes boom  
The time is right for a ride tonight Instant Song Lyrics  
To be with you I'd risk a fight  
My stick is tight, my blood is hot  
Let's do it here, right on the spot  
We're gonna hit it  
We're gonna kick it  
We're gonna break out through the ice  
You give us fever  
You give us sweat  
You're gonna make us live it twice  
Tonight long stick goes boom  
Tonight long stick goes boom
