

Love Will Survive

Krokus

Something's happenin' in my life
An' I think it must be love
I can feel that springtime itchy foolin'
Stirrin' up my blood
Guess I'm... high
Yes I'm... high
Guess I'm... high, high
High in you!!!
Got a light hearted dizzy head...mmm
A long long winter's end...ugh!
Gonna get my kicks like the birds and bees
Oh the birds and bees
Just pour a drink my friend
Guess I'm... high... waoh
Yes I'm... high
Guess I'm high... high
High in you!!!
Love will survive
Love will survive
(You know it goes... Everybody knows!!!)
repeat chorus
(If there's one thing that keeps me alive)
Love will survive
(A little bit of love and you know I will survive)
Love will survive
(If there's one thing that keeps me alive)
Love will survive
(A little bit of love and you know I will survive)
Love will survive
Thank you!
