

Keep Talkin

KRS-One

You gone down
Gone down (Babylon funeral) (real bad boys move in silence)
You gone down (self-reliance)
Gone down (Babylon funeral)
You gone

Everybody know exactly what you got
They saw your YouTube video with you there on the block
Now you pop
And you can't stop
Showin' what you got
Now they at your lot
Tryin' now to break into your spot, STOP! (gone)
Runnin' off the mouth about what you been gettin'
It only makes a jealous dude start rubbin' on his weapon
These are life lessons, get your cash and keep steppin'
Put the cash away
It could be gone in three seconds (gone)
No-one in the 'hood is like, 'my wrists' on freeze'
'Cause the 'hood know we livin' with these crooks and thieves
And these ? bend the knee too much
The gun and a knife they clutch
You talk too much (gone)

You gone down (you told them, you needed)
Gone down (Babylon funeral) (more guns, more coke, more weed, now they close
...to you)
You gone down (they gettin' real close to you)
Gone down (Babylon funeral) (keep talkin')
You gone down (you showed them, on your Facebook)
Gone down (Babylon funeral) (how your car and your clothes and place lookin'
close...to you)
You gone down (they gettin' real close to you)
Gone down (Babylon funeral) (keep talkin')
You gone

You talk too much, you never shut up
Now they at your front door like, 'playa what up'
They run up, you on the come-up
Cars up, house up
But you too young playa, you can't keep your mouth shut (gone)
I GOT MONEY, EVERYBODY LOOK AT ME!
You still immature, the best things in life are free
But you can't see
Your mouth is goin' with the quickness
And you can't see
The vanity
That's a sickness (gone)
Tryin' to impress but
Tellin' all your business
'I do tennis! I do yoga! I do Thai Chi! I do fitness!'
You like to gossip
And talk about society
Nobody ever told you 'bout your privacy (gone)

You gone down (you told them, you needed)
You gone down (Babylon funeral) (more guns, more coke, more weed, now they c

lose...to you)
You gone down (they gettin' real close to you)
You gone down (Babylon funeral) (keep talkin')
You gone down (you showed them, on your Facebook)
You gone down (Babylon funeral) (how your car and your clothes and place loo
kin' close...to you)
You gone down (they gettin' real close to you)
You gone down (Babylon funeral) (keep talkin')
You gone

You keep on talkin'
You keep, you keep on talkin'
These thieves they keep on stalkin'
They walk in your spot, but
You keep on showin'
You showin' what you ownin'
They see your cash is flowin'
And they want what you got, STOP! (gone)
Runnin' off the mouth about how you been buyin' it
Braggin'
Blabbin'
While them thieves
Eyein' it
Be careful what you show your people
It's like a jungle sometimes and these wolves want to see you (gone)
First they take your hand and your mama's hand
With that 'thank you, ma'am
See what you got
And then they goin' home to make a plan
You gots to take a stand
And plan to be discreet
You quiet when you buy it if you really from the streets (gone)

You gone down (you told them, you needed)
You gone down (Babylon funeral) (more guns, more coke, more weed, now they c
