

# Round & Round

KRS-One

Out on the streets, that's where we'll meet  
You make the night, I always cross the line  
Tightened our belts, abused ourselves  
Get in our way, we'll put you on your shelf  
Another day, some other way  
We're gonna go, but then we'll see you again  
I've had enough, we've had enough  
It's all the same, she said

I knew right from the beginnin'  
That you would end up winnin'  
I knew right from the start  
You'd put an arrow through my heart

'Round and 'round  
Well, love'll find a way, just give it time  
'Round and 'round  
What comes around goes around, I'll tell you why  
Dig

Lookin' at you lookin' at me  
The way you move, you know it's easy to see  
The neon lights on me tonight  
I got a way, we're gonna prove it tonight  
Like Romeo and Juliet  
Time and time, I'm gonna make you mine  
I've had enough, we've had enough  
It's all the same, she said

I knew right from the beginnin'  
That you would end up winnin'  
I knew right from the start  
You'd put an arrow through my heart

'Round and 'round  
Well, love'll find a way, just give it time  
'Round and 'round  
What comes around goes around, I'll tell you why

Here we go again, 'round and around  
You're lost when you're lost and you're found when you're found  
Ounce by the ounce and pound by the pound  
It's time for the underground, now break it down  
Do you really want it? If you want it, then you flaunt it  
Prolongin' stayin' on it, never shun it now you own it  
Get up on it  
Action happen 'cause you fought it  
Your life has become distorted, you don't want it  
What go around come around, blow around, flow around  
You don't really see that you're goin' down, goin' down  
Know it now, show it now, new life, blow it now  
You borrow, you owe it now  
Whole life, throw it down  
In the trash, it won't last, it'll pass, do it fast  
Take off the mask  
KRS-One, gonna teach the class  
With a teacher's pass, don't let 'em read your ass

And deplete your stash  
Stand up quick when the gat go blip when your backbone slip  
That's it, let see what sticks and what fall to the ground  
What go around come around

Out on the streets, that's where we'll meet  
You make the night, I always cross the line  
Tightened our belts, abused ourselves  
Get in our way, we'll put you on your shelf, yeah

'Round and 'round  
Well, love'll find a way, just give it time  
'Round and 'round  
What comes around goes around, I'll tell you why  
'Round and 'round  
Well, love'll find a way, just give it time, time, time, time, yeah  
'Round and 'round  
What comes around goes around  
I'll tell you why, why, why, why  
'Round and 'round
