

## Concordia

## Kryteria

Here we stand and we made it very far  
Hey I catch you in my heart  
It's been a long time coming but here we are  
Start the journey to the stars

You can count on me, I'll never let you down  
You're a part of me, I'll help you out

[Refrain:]

(Concordia) We can make it through the night  
(Concordia) If we only hold on tight  
(Concordia) We will make it through alright  
(Concordia) I'll be forever by your side  
As long as we stand together, our dream can come alive  
The time has come for us to step into the light, we'll be  
alright

When you're feeling down or need a friend  
There is one thing you need to understand  
We're in this together now and then  
If you need me just reach out your hand

You can count on me, I'll never let you down  
One thing I'll guarantee I'll bail you out

[Refrain 2x]
