

# Let Me Be Your Friend

Krystal Harris

you've given so much  
all that you are  
you lifted me up  
once things been certain  
you helped me in every way  
now i wanna give right back to you

[Chorus]

let me be your friend  
when you're in trouble  
and even when  
there's nothing wrong  
you can count on me  
no matter what's going on  
i'll be there for you  
until the very end

when i'm down  
you always remind me  
you're be right here  
so please let me do  
the same for you when you're in need  
and let me wipe your fears away

[Chorus]

and i know that you're from heaven  
and i know you won't let me down  
all i want is to be the same to you

[Chorus]
