

# Devil Inside Me

Kshmr

You got me losing off my innocence  
With every look my eyes so vacant  
O holy ghost, oh baby you  
Bring out the devil inside me  
And when you sing you loose in lullaby  
You'll take a seeds of love of paradise  
When you get close, oh baby you  
Bring out the devil inside me

Bring out the devil inside me

Devil inside me  
Devil inside me

Losing myself in all the things you do  
Visions that we could rule the world  
The valleys through the mountaintops, oh  
Heaven or hell, it's all the same to you  
Promise me this will never die  
Holding on for life

You got me losing off my innocence  
With every look my eyes so vacant  
O holy ghost, oh baby you  
Bring out the devil inside me  
And when you sing you loose in lullaby  
You'll take a seeds of love of paradise  
When you get close (when you get close), oh baby you (oh baby you)  
Bring out the devil inside me
