

## Voices

Kshmr

I'm hearing voices inside my head  
They keep me up when I lie in bed  
It's like my mind is a little thread  
And I've been running slow since the day you left  
And all I hear is

And all I hear is  
And all I hear is

I'm hearing voices inside my head  
They keep me up when I lie in bed  
It's like my mind is a little thread  
And I've been running slow since the day you left  
And all I hear is

And all I hear is  
And all I hear is
