

Easy, do it with no effort when I make it look easy
You gotta respect a man, respect me when you see me
Hope you get the message, get the message like it's 3D
That shit is hard but I make it look easy

Stepper, big stepper
This shit's too large for you to walk
Turnt so high, can't shut me off
Oh, so loud, can't hear you talk
Rep up (Ayy, yeah), will you rep up? (Ayy, yeah)
I rep my side, my boy, that's long
Big face watch, my time, not yours
VVS can't see no flaws
Droppin' tears singin' boys can get it too
Got one girl with me and she special
Gotta catch the wave before it catch you
Then we bless you, then we send you

Easy, do it with no effort when I make it look easy
You gotta respect a man, respect me when you see me
Hope you get the message, get the message like it's 3D
That shit is hard but I make it look easy
Do it with no effort when I make it look easy
You gotta respect a man, respect me when you see me (When you see me)
Hope you get the message, get the message like it's 3D (Ayy, Bugzy Malone)
That shit is hard but I make it look easy (But I make it look)

When I'm on the mic I really make your numbers decrease
I was on the street, duckin', divin' from the police
Now I really work, work, work, I think I'm RiRi
I was on the wing phonin' home like I was ET
Now I'm on the TV and I really make these hatin' niggas wanna be me
When I get frustrated, they'll just have to make it bleed bleed
'Cause I don't give a fuck, I'm goin' hard, I think I'm concrete
I'm tryna die a legend, yeah, I really think I'm Kobe
Them man think they're on smoke, they don't know it's smokey
They don't know we're really 'bout this life, you're talkin' OGs
They don't know we really count it twice, we came from no peace
And we came up lowkey, until we hit the lime light
First we bought a Rolex, now the whole chest is just ice ice
And it's a no contest, I'm on a don flex, I'm like Iron Mike
If I hit him with a left-right, then it's night night
It's light work, I swear I make it look

Easy, do it with no effort when I make it look easy
You gotta respect a man, respect me when you see me (When you see me)
Hope you get the message, get the message like it's 3D
That shit is hard but I make it look easy (But I make it look)

When you see me
But I make it look
