Bound to make you believer

```
Pull up, pull up, hop out, flash it
Ammunition automatic
When you see me I'm in traffic
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
Bound to make you believer
Gyal you're gonna catch fever
Now the feelings' gon' ease on, down
When they pull up, pull up
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
I got plenty when I need her, I just call up
Any of my people when I ring it and they all up
I got Sterling in my city, I'm a baller
Money makin' fifty every second, man, it's spinnin' like I'm De La Rue
The bandana with the colour just so they know who
And they're failing just to keep up like I'm twenty-two
If it's really the season, then tell me where are you?
Come and send the location and then I
Pull up, pull up, hop out, flash it
Ammunition automatic
When you see me I'm in traffic
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
Bound to make you believer
Gyal you're gonna catch fever
Now the feelings' gon' ease on, down
When they pull up, pull up
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
Ha-ha, laughin' at the fight, you wanna beef
Nah, nah, rollin' with my brothers from the East
I can't ever be located near the heat
But I never panic on the street
And I gotta lot of weight on my back
Ten plus years of me scaling the racks
I don't even smoke anymore but I'm blazin' the track
And the millies wanna see me punch a paigon and that, oh, oh-oh
Pull up, pull up, hop out, flash it
Ammunition automatic
When you see me I'm in traffic
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
```

Gyal you're gonna catch fever
Now the feelings' gon' ease on, down
When they pull up, pull up
Pull up, pull up, hop out, flash it
Hop out, flash it, hop out, flash it
