

## Low

KSI

I'm feeling low  
Yeah, they tell me I'm blessed, should be counting my blessings  
Low  
Keep it all in my head, I'm not good at impressions  
Low  
And I feel a bit lost, I'm not learning my lesson  
Low, I'm feeling low

I'm so high, I'm so high when I'm fadin'  
Tryna kick you out of my mind, but I'm failin'  
They keep on comin' up to tell me that I made it  
Now I'm feeling guilty and I don't know how to fake it  
I get below the bar that you've set  
I get more stressed the closer we get  
My life is drifting over my head  
When all the lights are low, I regress and

I'm trying to figure it out  
And get away from the doubt  
Wish you could understand the feelings that I'm talking about  
Outside, it looks like I'm on top of everything I put out  
But I'm feeling

I'm feeling low (Low)  
Yeah, they tell me I'm blessed, should be counting my blessings  
Low (Low)  
Keep it all in my head, I'm not good at impressions  
Low (Low)  
And I feel a bit lost, I'm not learning my lesson  
Low, I'm feeling low

I don't know, I'm just sick of this  
Always undecided when I reminisce  
Think I'm in control, but I'm  
Powerless to things that they need  
Over and over, but I can never take the lead  
I'm stressin' to make it real  
I'm stressin' to always feel  
I'm stressin' to help the people when I'm the one that's in need  
I say it, but no one hears  
But given light when they see you in chandeliers, still

I'm trying to figure it out  
And get away from the doubt  
Wish you could understand the feelings that I'm talking about  
Outside, it looks like I'm on top of everything I put out  
But I'm feeling

I'm feeling low (Low)  
Yeah, they tell me I'm blessed, should be counting my blessings  
Low (Low)  
Keep it all in my head, I'm not good at impressions  
Low (Low)  
And I feel a bit lost, I'm not learning my lesson  
Low, I'm feeling low
