

Madness

KSI

Madness, no doubt when you at this
Grandness, grab it like I'm Atlas
Always want when they pree it, can't believe when they see it
I've been here for a minute, motorway with no limit
Madness, no doubt when you at this
Grandness, big name on campus
I'm the proof in that pudding
Say they can but they couldn't (Nahh)
I'm the man when I'm in it (Mmm)
I'll be done when I'm finished

Don't piss me off
I've been killin' this shit
Acting tough on the net, with a million clicks, bitch you're gonna get hit
And I've done more than a man in a single year and still the YouTube Don
I got clowned for the way I was on the net and still I'm the man that won
Now they're chasing me, chasing the hype
Wanting me, wanting the life
Loving me, Loving the type
So I gave her pipe
Taking advantage, more venom in than carnage
Another choice like I'm target
Only one in my market
Want a piece and I'll charge it
I'm at a point where I buy shit now just to rap about it
Posting this thing and they speak about it
Type anything and they tweet about it
Do anything and they meme about it
Only man with a life like me
Still unleashing with the jet like Li
Still achieving all the goals round me
Pick of the bunch and I'm still O.P

Madness, no doubt when you at this
Grandness, grab it like I'm Atlas
Always want when they pree it, can't believe when they see it
I've been here for a minute, motorway with no limit
Madness, no doubt when you at this
Grandness, big name on campus
I'm the proof in that pudding
Say they can but they couldn't (Nahh)
I'm the man when I'm in it (Mmm)
I'll be done when I'm finished

But I'm not finished
I've been stiff for the longest time and I'm still on top so I'm the illest
I've gone clear with the strongest but with my own OC So I'm the realest
Bring that heat with the hiss of the human torch so the team know that I am
the littest
Said I need a feature now they feature me
Never charting now it's easily
Back the beef and now I drink the tea
6 Figures now it's for the fee
Up the levels from a Lamborghini
Bringing wishes cause the man a genie
Everything I touch a mazaline
Still, you wonder why they wanna be me

Big boy tings, Everything I spit is facts
End of the moment, but mans gonna come back like Tekken

Madness, no doubt when you at this
Grandness, grab it like I'm Atlas
Always want when they pree it, can't believe when they see it
I've been here for a minute, motorway with no limit (Jesus Christ!)
Madness, no doubt when you at this
Grandness, big name on campus
I'm the proof in that pudding
Say they can but they couldn't (Nahh)
I'm the man when I'm in it (Mmm)
I'll be done when I'm finished
