I ain't got no time for when I wake up, yeah
Believe me, I see through a lot of fake love, yeah
But I'ma let it go because it really ain't a thing to me, yeah (Cha, cha)
I stay focused on my trip, crew flyin', you stay cryin', I ain't hidin'
Shit you say I can just read your mind, through your vibe, I stay shinin'
Ain't no dimming over here

I don't go to panic for that interview
I can call whenever for that rendezvous
Feel the room, I got presence
And I never came in with a thing in a village where the only thing that they hear is me
How can they cancel, when the only thing that made me was me?
Been gainin' titles since a teen, ready to pree, and bitch, I'm still here
Standin' like a Pando tree, bitch, I am OP

I ain't got no time for when I wake up, yeah
Believe me, I see through a lot of fake love, yeah
But I'ma let it go because it really ain't a thing to me, yeah (Cha, cha)
I stay focused on my trip, crew flyin', you stay cryin', I ain't hidin'
Shit you say I can just read your mind, through your vibe, I stay shinin'
Ain't no dimming over here (Yeah)
