[KSI:]
Up all night, tryna see whats up all night
Wanna get a view for the fight, lemme put you on a flight
Copy wanna rolly and the ice, [?]
She a Bad Lil Vibe, freaky with a booty on the side
Probably cos she wanna have it right
Always get me high Wavey when I take these tides
Gotta make that water flow right

Body like water can I take a sip?
Gotta Tommy when I roll, when you wanna trip
You wanna see me all the time like a Goldberg
Suffocating cos you kill it with a choker
Cold with the enemy, Gold with the energy
Gotta just, check the soul of the heel like a Louis V
Bust a check on the dress of the Burberry
Break the neck when she walk, surgery
Always get along with the bad bad
She the only one I like when I tap tap
Know you like it when I'm watching like a TikTok
Got me flicking up and down 'til your ting pop
I've been whipping in the limousine, woman made the body lean
Blacking on the window shit, hiding all the [?]
So sublime when she keep it lit, maybe she's born with it?
Maybe it's Maybelline?

Up all night, tryna see whats up all night
Wanna get a view for the fight, lemme put you on a flight
Copy wanna rolly and the ice, [?]
She a Bad Lil Vibe, freaky with a booty on the side
Probably cos she wanna have it right
Always get me high, Wavey when I take these tides
Gotta make that water flow right
