

# Uncontrollable

KSI

Yeah, yeah

Mmm, yeah

Lit it up, I'm the one that's feeling on fire (it's lit)  
Live it up, looking at my G, we go higher  
I earned the whole shit, hope you're hearing that  
Come at man and I'll make a man go  
Flowing my riches, making wishes  
For all these bitches, yeah  
Haters so vicious, making riches  
In all these cities, yeah  
Hate going shopping, people popping  
For all these pictures, yeah  
Say that I'm flopping, still you copping  
So why you knocking at my door?  
I don't care about what you wanna do, I just ignore  
You can't keep on charging like a bull, I'm at the door  
I'ma dress up how I fucking like, it's my decor  
I'ma fuck up how I fucking like (wait)  
Nigga I'm independent, no-one talking that condescending  
Say that my time is ending, still I kill it and go and send it  
I'm in control, doing shit you don't know  
I'm ascending, living, winning, moving like I'm J Cole (and)

I can do what I want, I can do what I want (mmm)  
I can do what I want and no-one, no-one here stopping me (na)  
No-one, no-one here stopping me (na)

Gotta let them know I'm uncontrollable  
I'm ruling when they roll with me  
I done let them know I'm uncontrollable  
Being who I wanna be (yeah, yeah)  
No way, no way, no way, no way, no way, you're controlling me  
No way, no way, no way, no way, no way, you're not owning me  
I don't wanna know, I'm here with the dough  
Counting all the blessings and I live it all fo' sho'

Yo, see I'm something that you can't control  
They don't want to see me mad, that they can't control  
I make moves and tell my accountant roll  
I ain't part of the system, I can't enrol  
Said I'm due to blow, like when the blast implodes  
From the inside out, man I keep it real  
I can tell that they're fake, but I can't expose  
And I've got that drive, I don't need the gas  
Man I'm something like the cars that charge on road  
I'm in hearts, I'm in master mode  
Hustler by nature, can't you hear my grafter tone?  
Won't stop 'til the shard's my home  
It's the b-i-g, man are bigger than a barge  
Man talk bad and they're getting on my nerves  
They used to say reason with the work  
Man I done [?] before I'm getting from my verse  
I bet they're all regretting all their words  
Try war man, I'll send him in a herse  
From a ends where bruddas bust weapons and they skr  
Said I see it as a blessing and a curse

It made me diverse when I've been through worse  
But now they can't fuck with the plans  
Man are happy where I am now I'm finishing first  
Yeah, and I'm making moves  
I don't care for hating zuu  
I'll start hotting up kids like real quick start blazing youtes  
You'll see bare gun fingers but there won't be no raving crew  
Man have been one of the best, I can't lie, it's the blatant truth  
And I can show them evidence  
It's black and white like the change of presidents  
Man are big 'ere like the side of elephants  
You're talking bare with your big mouth  
You sound like a bird you pelican  
I don't really care about relevance  
Like if they don't know then I'm telling them  
I'll put their favourite emcee in the grave and bury them  
Guess what I've got accumulating  
Send shots to any crew that's hating  
Flex gods, MTP formation  
Walk in the rave, we don't need no creditation  
I don't really care about the pagans  
I can see the devils in their words  
It's a man who they're demonstrating  
Oh you didn't catch that bar?  
Well guess what, that's 'cause I'm steps ahead  
I don't play with dough but still I stretch the bread  
Like, tryna get the full package  
Like the back's nice but the breasts are dead  
Couple park guys but the rest are dreds  
That I take your girl, that's once she left your bed  
And now you're vexed and stressed  
Man are breaking hearts so protect your chest, like

I can do what I want, I can do what I want (mmm)  
I can do what I want and no-one, no-one here stopping me  
No-one, no-one here stopping me

Gotta let them know I'm uncontrollable  
I'm ruling when they roll with me  
I done let them know I'm uncontrollable  
Being who I wanna be (yeah, yeah)  
No way, no way, no way, no way, no way, you're controlling me  
No way, no way, no way, no way, no way, you're not owning me  
I don't wanna know, I'm here with the dough  
Counting all the blessings and I live it all fo' sho'
