

Undefeated

KSI

Drop-top, I'm speedin' it, ay, ay, ay

Undefeated in the drop-top I'm speedin' in
I be buildin' it to swallow like it's cinnamon
Never minimum, visible with a pedigree
When I see you, better up with that energy
I stay undefeated
Always go barefoot now, the floor is heated
Keepin' it movin' like in the Caribbean
Win, win, win, that's all my people seein'

Gang is always full up when we eat
PJ to the city for the beat
If they get a table, then I'm gone
Alcohol to raise my serotonin

Yeah, better keep up with that energy
Don't get better when you end up as a enemy
I know that pussy wanna talk
Till they get punched up by this ebony
I'm a staple of the game
Stack that paper and I held on with a name
Strapped up, my price up, no cap, I'm on eight
Now a man gets packed up and tacked up till late

Yeah, Rocky Marciano
Unbeatable, '06 Adriano
Come like a raged bull, Murciélagos
Cabo to super Chile, Santiago

Undefeated in the drop-top I'm speedin' in
I be buildin' it to swallow like it's cinnamon
Never minimum, visible with a pedigree
When I see you, better up with that energy
I stay undefeated
Always go barefoot now, the floor is heated
Keepin' it movin' like in the Caribbean
Win, win, win, that's all my people seein'

Win, win, win, doing everything
I'm a different breed, Richard Mille chillin' on the sleeve
Never rented, I just invented a new position
Wonder if I'll ever have any as competition
Killer, the leader in different arenas
Hidden power, I'm on the come-up, the boy like Atreus
All these people tweeting that you didn't want her to meet us
Drop hat, why would they call me the king like Elias?
I'm that, whether they focus on
Still I always reign above the sinners and pour it on
Actin' like you tough, the bravado like Jason Bourne
They comin' out all pussy, Sticky Vicky from Benidorm
Bitch, I'm really doin' this shit

Yeah, Rocky Marciano
Unbeatable, '06 Adriano
Come like a raged bull, Murciélagos
Cabo to super Chile, Santiago

Undefeated in the drop-top I'm speedin' in
I be buildin' it to swallow like it's cinnamon
