

Cornell Crawford

K.T. Oslin

This is the first song I ever wrote
I read it on a bathroom wall
It said, 'I ain't never gonna love nobody but Cornell Crawford'

I ain't never gonna love nobody but Cornell Crawford
He's the one who turns me on
He's gonna pick me up in his pick-up truck
Take me down the road to have a little fun

He's got a pack of camels
He's got a quart of whiskey
And it's all wrapped up in a brown paper bag
Aw, I ain't never gonna love nobody but Cornell Crawford
I'd go to hell for Cornell

I ain't had much luck with good old Chuck
All he ever want to is go the movies
Aw baby, he's dumb and he's dirty and he's way over thirty
Honey, I'm too pretty to wasted my time on him

Aw but that Cornell is so smooth
He knows what to do
He knows how to make me feel good
Oh and I know some day he's gonna take me away
And it will just be me and C.C.

Y'all I ain't never love nobody but who
Cornell Crawford
He is the one who turns me on
He's gonna pick me up in his pick-up truck
He's gonna take me down the road to have a little fun

He's got a pack of camels
He's got that quart of whiskey
And he's got it all wrapped up nice in a brown paper bag
Oh, we're gonna stop
We're gonna park
We're gonna get down to it in stark
I ain't never gonna love nobody but that man
If I can
I ain't never gonna love nobody but that man
